### Changes from 1 April 2026

The paid waiting zones in Siófok are designated according to the Parking Ordinance of the Municipality of Siófok and classified as **Premium**, Zone I, and Zone II. Zone maps are for informational purposes only. The colour used correspond to the mobile payment zone stickers: **green: 8601**, **blue: 8602**, **yellow: 8603**, **red: 8604**

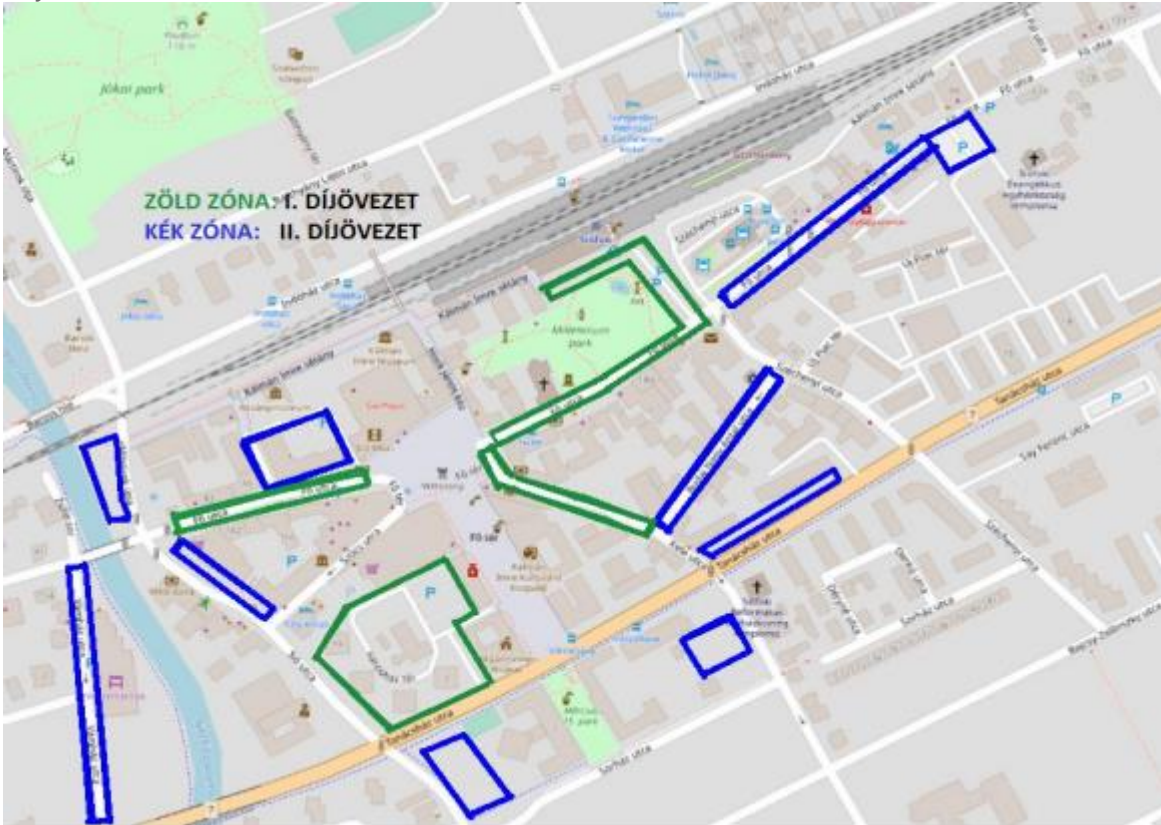

**Vehicles with green (electric) licence plates continue to be unable to use Siófok's paid parking areas free of charge.**

#### Paid parking periods:

**Off-season between 16 September and 14 May:** in the city centre on working days: 7:00-18:00.

**In-season between 15 May and 15 September:** Monday to Sunday 00:00-24:00 (except public holidays) parking fees must be paid.

### **Fee-free periods**

Siófok's public paid car parks may be used free of charge outside the paid parking periods, as well as on nationally recognised public holidays and between 24 December and 2 January.

### **Payment**

Parking tickets are primarily purchased from ticket vending machines installed for this purpose, using Hungarian forint coins as indicated on the machine; card payment is also available at compatible machines.

The default setting of parking machines is the passenger car rate. In this case, simply insert the coins and press the confirm button when the desired parking duration is reached to print the ticket. If the vehicle belongs to tariff class 2, the tariff must be changed before purchasing a ticket, as described in the information on the machines.

Parking fees can also be paid by mobile phone via SMS or apps, according to the information sticker found on the machines. More information on mobile parking:

### **Parking discounts:**

Following prior registration, residents of Siófok are provided with a **50% discount** on current fees through the National Mobile Payment System. **Registration is valid for 1 year.** Discounted permit purchases are also available.

Employees of institutions maintained by the Siófok Joint Municipal Office and the Municipality are entitled to purchase an employee permit for one vehicle owned or operated by them, with an employer's certificate. The price of the permit equals that of the residential discounted permit.

Apartment buildings eligible for discounted permits: Sió utca 19-21., Tanácsház utca 1-3.  
With the central apartment building discount, one parking permit can be purchased per apartment.  
**Annual permit price: 1,500 HUF + VAT**

The price of a specially produced accommodation parking guest card for businesses providing accommodation services in Siófok: **60,000 HUF + VAT/month**

For companies with a registered office or branch in Siófok employing at least 50 people, up to four discounted annual permits per company can be purchased for vehicles owned or used by the company, tied to a specific registration number. **The permit price is 50% of the full-price permit.**

### **Unauthorised use**

A surcharge must be paid for unauthorised use of paid car parks. The parking ticket must always be placed visibly behind the front windscreen.

Surcharges are automatically calculated by electronic checking devices based on the paid period and the one-hour parking rate, in accordance with the Parking Ordinance. The payment notice and payment giro slip are always placed on the windscreen in a red surcharge envelope by the inspecting public area supervisors. A parking ticket purchased within 5 minutes of the surcharge being issued, or mobile parking started and verified to customer service within 5 days, will result in the surcharge being cancelled up to 2 times per calendar year, provided there is no outstanding surcharge debt on the vehicle.

**We provide the option to view parking case data online and to pay the surcharge electronically by bank card at: <https://eugyintezes.mininform.hu/siofok>**
